Required Tools

- Drill
- 3/16" Drill Bit
- Level
- Allen Wrenches

Installation

1 Preparation

a Remove Chroma Lens from aluminum angle by removing the screws with Allen wrench.
Installation

1 Preparation cont...

b Drill through aluminum angle for mounting. *Do not drill too close to light tape!*

2 Mount Aluminum Angle

*Anchors provided by installer.*
3 Connect Electrical

Have a qualified electrician wire the lighting to a remote driver (in remote location) and test the lights.

Note: Wiring is as shown unless shown differently on 3form Lighting Layout Drawing

Add up to 50' max of 18AWG+ wire.
Customer Supplied
Installation

4 Reattach Chroma Lens

Slide Chroma Lens over aluminum angle and replace screws into angle. *Do not over tighten!*
